

KODAK DRYVIEW FILM CARTRIDGE RECYCLING PROGRAM

Thank you for participating in the KODAK DRYVIEW film cartridge recycling program. By returning the empty cartridges to Carestream Health, Inc., you're helping the environment and reducing waste.

To order more shipping labels, or if you have questions about this program, call Carestream Health, Inc., at 1-800-677-9933.

RECYCLING DRYVIEW FILM CARTRIDGES IS AS EASY AS 1, 2, 3!

1 Replace your empty film cartridges in their original cartons. Return as few or as many as you like each time. You can tape up to 3 cartons together and return them with a single label.

2 Apply a pre-paid, bar-coded UPS ARS shipping label to each package. These labels are free of charge.

3 Return your package via UPS one of the following four ways:

- Take your package to your internal delivery and receiving location
- Give your package to any UPS Driver during any delivery at your location
- Call UPS at 1-800-823-7459 and ask to arrange an ARS pickup. You will be asked to provide a tracking number, which is located on any UPS ARS label. There will be no charge for this service.
- Drop your package off at the nearest UPS Customer Counter or authorized shipping outlet (call 1-800-823-7459 for locations)
