

Carestream

THE NEW
SIMPLICITY
OF ULTRASOUND

THE TOUCH PRIME ULTRASOUND SYSTEM IS NOW ON TOUR!

Touch Prime represents a revolution in ultrasound quality, convenience and ease of use. Its unique design features are based on input from sonographers around the globe.

Now sonographers at any level can experience this innovation, up close and personal. Administrators are welcome, too. Come to the Touch Prime Road Show – a dynamic event that includes:

- A full demo of the system's exciting features and benefits
- A brief talk from a Carestream R&D expert, covering the design process and benefits of Touch Prime's unique, high-powered processor
- Ergonomic training for sonographers, earning you one CME credit*

*This activity is tracked by SDMS CME Tracker.

There's an upcoming
tour stop in
your area!

Carestream

THE NEW
SIMPLICITY
OF ULTRASOUND

SPEAKER BIOGRAPHY

Ajay Anand is a member of the ultrasound R&D team at Carestream Health. He has more than 10 years' experience leading the development of novel ultrasound technologies, and is a co-inventor of more than 20 patent filings in the field of medical ultrasound.

LEARNING OBJECTIVES:

- Discuss innovations in ultrasound and how they will impact sonographer and department productivity, as well as patient care.
- Understand how advanced computing capabilities from the gaming industry offer powerful graphic processing for ultrasound image optimization.
- Examine novel imaging modes and automated optimization capabilities.
- Review sonographer body postures and movement to recognize ways to reduce the risk of occupational injuries.

Attendees will also have an opportunity to see live scanning demonstrations on the new CARESTREAM Touch Prime XE Ultrasound System.
