An Affordable Upgrade to DR – Now, with Wireless Tablet Control.

Looking to upgrade your analog X-ray room or mobile unit to DR? Now you can – easily and economically – with the CARESTREAM DRX-Transportable System/Lite.

This solution now features wireless tablet operation. There’s no bulky electronics box required, and no need to work from a fixed console. Instead, a lightweight, wireless tablet gives you complete control of the system and displays your images once acquired.

This allows you to move freely around the exam room, the entire radiology department or from suite to mobile units with ease.

Advantages At a Glance

• Provides a lightweight, portable solution with no need for external components.
• Quickly and cost-effectively converts existing analog systems to DR.
• Simplifies your upgrade because it’s self-powered and rechargeable, with beam-sensing technology.
• Moves easily around the Radiology Department, from room to room or from room to mobile unit.
The Power of DR Imaging, Easier and More Portable Than Ever.

- Upgrade existing equipment to DR, instantly.
- Wireless capability lets you go anywhere.
- Capture and view images immediately at the point of patient care.
- The following DRX Detectors are available in either Gadolinium (GOS) or Cesium (CSI) Scintillator:
  - DRX Plus 3543, 4343 and 2530C
  - DRX Core 3543 and 4343

- DRX Detectors (sold separately)

Trusted Partner: CARESTREAM Smart Services.

At Carestream, we'll be there when you need us. Our medical imaging solutions are backed by our worldwide support team of product and industry specialists – experts who work closely with you to keep your equipment up and running at peak performance. By delivering a comprehensive scope of service offerings, we provide complete peace of mind over the life of your equipment, so you can focus on what's most important — your patients.

X-Factor Thinking.

The X-Factor makes the most of your capital spending with configurable, modular components powered by the portable DRX detector. Use the detector on your retrofitted mobile units on your morning rounds... and later, take it to a busy DRX-Evolution room for peak patient volumes. When the X-Factor lets you scale your solution to fit your workflow and budget, the possibilities are endless.

Industry-Leading Performance:

Meet Our Family of DRX Detectors.

Our portfolio of DR detectors includes wireless, shareable and fixed models to meet your demands based on exam type, detector size, dosage level and budget. Discover the right detector for your needs at carestream.com/detectors.
