

Comfortable. Reusable. Protective.

SUPPLEMENTAL PERSONAL PROTECTION SYSTEM

Lightweight, Durable and Reusable Face Protection System

As health care professionals, your job requires that you interact with other people. You need safeguards to help protect yourself when interacting with patients. The CARESTREAM Shield is designed to protect your face from exposure to fluids which can pose a health risk. But often, protective equipment such as face shields can be scarce, uncomfortable and difficult to use, maintain and sanitize.

You need a face shield that adapts to you. The reusable Shield does precisely that, providing a comfortable, durable and lightweight protection system that is easy to use and easily cleaned. Used as supplemental personal protection equipment (PPE) in conjunction with a facemask, goggles or other PPE, this face shield protects your eyes, nose and mouth from acutely-expelled aerosols of bodily fluid.

Advantages At a Glance

- Personalized fit reduces risk
- Lightweight; provides all day comfort
- Reduces fogging and visibility issues
- Easy to use, clean and replace
- Provides supplemental protection
- Two options available; standard and extended

Comfortable & Lightweight

The CARESTREAM Shield is a breathable and lightweight system with adjustable baseball-cap style straps for a personalized fit. The Shield offers an adjustable holder for comfort and confidence fitting over loupes, glasses and masks.

Simple & Practical Sanitization

This reusable face shield is easy to don and doff for cleaning as needed. It is also easy to disassemble, carry, store and disinfect.

Reusable Shield System

The CARESTREAM Shield holder only works with the CARESTREAM Shield. The convenient CARESTREAM Shield includes two reusable Shields. A replacement pack of five Shields is also available, allowing you to keep your Shield holder, and easily replace Shields as needed.
