

Share. Communicate. Learn.

Join the Dialogue in Our Healthcare IT Community.

Connect with Us to Get the VIBE.

As a valued customer of Carestream's Vue IT Solutions, you can now be wired in to a worldwide network of fellow Vue users: the VIBE Community. With VIBE, you can tap the knowledge and experience of your Vue colleagues as you share your experiences, questions and solutions – learning and building new Vue IT skills and best practices. You'll also gain unprecedented access to expert technical assistance, documentation and training conducted by our Healthcare IT thought leaders.

The power of together.

Advantages At a Glance

- Easy-to-use, interactive forums where you can ask and answer questions, as well as view informative existing posts.
